

Chicken egg cups

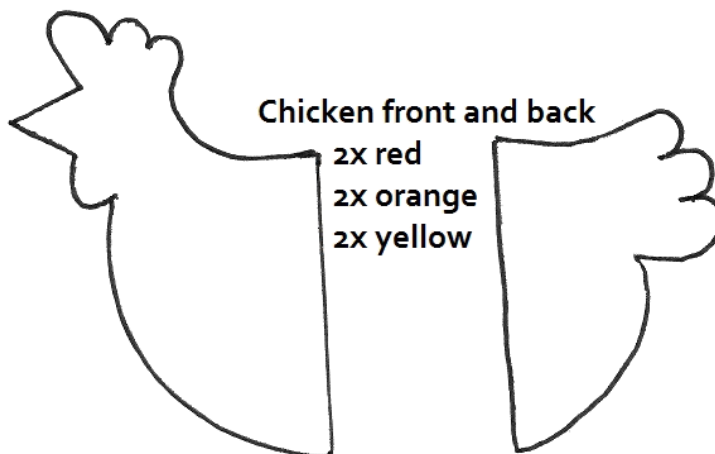

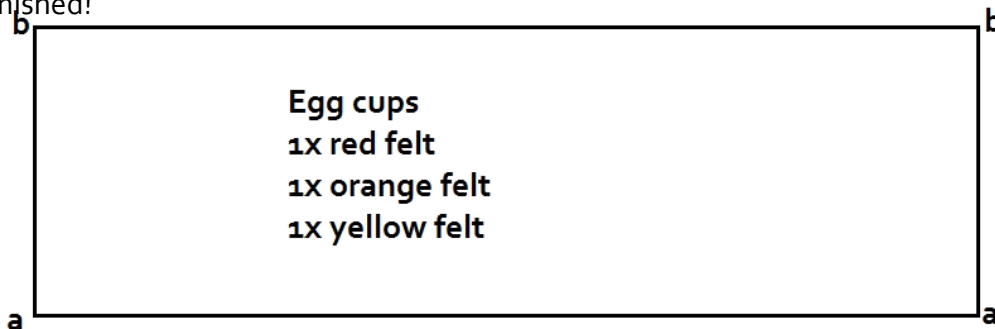

These colourful egg cups are great to decorate your Easter table. Lovely with a checked tablecloth.

Read this manual carefully, before cutting the patterns out of the felt. For sewing we use a blanket stitch. Happy crafting!
You need a piece of 20*10cm felt for each chicken egg cup.

Use a blanket stitch to secure a to b, making a tube shaped egg cup. Place the two fronts and two backs onto each other and use a blanket stitch to secure them. Now attach the back part of the chicken over the seam of the egg cup. Use small stitches from a to b and cut off any leftover thread. Attach the front of the chicken in the same manner, opposite the back. Make 3 (or more!) egg cups and place the boiled eggs in the cups. Well done, your egg cups are finished!
